

Become part of our SWARCO team as

Service Engineer (Midlands)

Location: Manchester, United Kingdom | Full time

Your Challenge

SWARCO Smart Charging has a large number of Electric Vehicle charging units installed throughout the UK. Part of our responsibility is ongoing service support and planned preventative maintenance of these products. We have a new vacancy for a Service Engineer based in the **Manchester and surrounding North West area** to join our ever-growing business.

Our ideal candidate will be based in and around the **North West area** where your responsibility will be to provide ongoing service support and planned preventative maintenance of these products. Therefore, some of your key responsibilities will be to maintain the equipment, which includes installation and visual inspection of the equipment, testing of the charging mode protocols, cleaning of the product etc.

To have all due regard to the responsibilities and duties set out in the organisation's Health and Safety Policy in respect to your own and other persons' health, safety and welfare.

Your Profile

What we are looking for

- Methodical fault finding skills
- Experience of PC's and networking environments
- Ability to work on own; but be a part of a team
- Be able to work in a pressured, client controlled environment
